

SUPPLIERS of EQUIPMENT, PRODUCTS and SERVICES

stations, automatic samplers, process and control software and process technology.

SMS MILLCRAFT LLC, 100 Sandusky St., Pittsburgh, PA 15212. (412) 237-8557. Fax: (412) 535-4629.

Pres. and Chief Exec. Officer—Doug Dunworth
Exec. Vice Pres.—Scott Sander
Vice Pres. Business Dev.—George Born
Vice Pres. Sales and Commercial—Steve Winger
Vice Pres. Engrg.—Dennis Stecko

Plant locations: Washington, PA; Oil City, PA; East Pittsburgh, PA; East Palestine, OH; Mobile, AL; Muscatine, IA; Mokena, IL; Columbus, MS; Taylor, MI; and Gary, IN.

PRODUCTS and/or SERVICES—Steelmaking, casting and rolling mill equipment manufacturing and reconditioning, engineering services, field services and technical assistance. Core competence in continuous caster equipment, hot and cold rolling components, roll reconditioning, mandrels, spindles, material handling, mold copper machining and hardfacing, machine diagnostics/installation/alignment, custom design and manufacturing, general fabricating and specialty machining.

SMS SIEMAG LLC (formerly SMS Demag LLC), 100 Sandusky St., Pittsburgh, PA 15212. (412) 231-1200. Fax: (412) 231-3995. E-mail: mail@sms-siemag.us

Pres. and Chief Exec. Officer—Joseph Dzierzawski
Vice Pres. Admin. and Chief Financial Officer—Peter Fernie
Vice Pres. Engrg.—Thomas Fest
Mgr. Pur.—Lori Goetz
Mgr., Q. and A. and Logistics—Bernard Najdzinski
Mgr. Info. Technology—Kelly Ali

(Steelmaking and Continuous Casting Div., 100 Sandusky St., Pittsburgh,

PA 15212. (412) 237-8598. Fax: (412) 535-7067)

Vice Pres.—William Emling
PRODUCTS and/or SERVICES—Complete engineering, manufacturing and commissioning of steelmaking and continuous casting equipment for metallurgical plants. Specializing in electric arc furnaces, oxygen converters, ladle furnaces, vacuum degassing systems, metallurgical refining facilities, continuous slab casters and CSP plants.

(Flat Rolling Mill Div., 100 Sandusky St., Pittsburgh, PA 15212. (412) 237-8868. Fax: (412) 535-7072)

Vice Pres.—Keith Watson
PRODUCTS and/or SERVICES—Complete engineering, manufacturing and supply of hot and cold rolling mill equipment for the ferrous and nonferrous industries. Specializing in both hot and cold rolling areas from the furnace dropout point through cold processing facilities, including reversing mills, Steckel mills, tandem hot and cold mills, 2-stand reversing cold mills, downcoilers, laminar cooling systems, skin pass and temper mills.

(Automation and Systems Engineering, 100 Sandusky St., Pittsburgh, PA 15212. (412) 237-8902. Fax: (412) 535-7086)

Vice Pres.—Eduardo Carballal
PRODUCTS and/or SERVICES—Design, supply and service of automation and electrical equipment for steelmaking, continuous casting and flat rolling mill equipment for ferrous and nonferrous plants. Specializing in complete automation systems comprising of technological controls, sequence controls, automating data related connections and level 2 computer models.

(Processing Lines, 790 Thornberry Trail, North Lima, OH 44452. (330) 549-0116. Fax: (330) 549-0089.
