Gen. Mgr.—Bill MacDonald

Opr. Mgr.—Bill McCloy

Prodn. Coordinator—George Daskaluk

PRODUCTS—Since 1973, Nelson Steel has provided steel pickling services for the steel manufacturing industry supporting mainly the automotive, fabrication and appliance industries. We are the largest toll pickler in Canada. Our pickling facilities offer both in-line and off-line slitting, coating, side trimming and packaging. Our unique position as both operators and designers gives us the advantage of in-depth knowledge in pickling technology, making us an ideal choice as a supplier of steel pickling services and equipment.

Annual Capacity—1,700,000 tons.

NIAGARA LASALLE CORP., LASALLE STEEL CO., 1412 150th St., Hammond, IN 46327. Toll-free: (877) BUY-BARS; (877) 289-2277. (219) 853-6000. Fax: (219) 853-6095
